CORROSION-RESISTANT
Aluminum Coils

Ocean State Air Solutions 1844 East Main Rd., Portsmouth, RI 02871 Free Shipping to the Lower 48 States Digital Humidity Control Covers up to 2800 sqft 80 Pints per Day 63lbs - 26"x14"x15" Ducting collars included Energy Star Rated The Aprilaire E080CS is a fantastic dehumidifier for your crawl space DIY project. It is one of our best sellers because it is so quiet and easy to use. Its compact size makes it versatile and it is very powerful for basement or attic projects too. The E080CS comes standard with ducting collars so you can push or pull air anywhere inside the crawl space. The Aprilaire E080CS, E100, and E130 models are the first whole-home dehumidifiers to earn the ENERGY STAR® Most Efficient 2021 certification! According to the EPA, whole-home dehumidifiers that meet the higher criteria for ENERGY STAR Most Efficient 2021 deliver 23% annual energy savings above conventional products. Aprilaire E080CS Whole Home Dehumidifier The Aprilaire E080CS is a great basement, crawl space or whole home dehumidifier as well. It is packed with great features. It's a nice, small compact unit that makes it easy to place it in various spaces. It features a built-in digital control on the unit body. It also features a discharge selector so that you can choose whether to discharge through the top or the rear of the unit. It ships with a 10-inch round duct collar for connecting to your duct work. The great thing about this unit is that it was designed to be much quieter than its predecessors. Your home's structure and your possessions will also be protected against rotting and warping. Wood, drywall, home furnishings and other possessions will last longer when excess humidity is eliminated and proper humidity is maintained. Whole-home dehumidifiers can reduce dust mite growth and the prevalence of mold and other contaminants that can trigger allergy and asthma symptoms. That cold, clammy air, that stuffy feeling and those musty, mildew-like odors will be a thing of the past. Whole-home dehumidifiers remove moisture throughout your home—from the crawl space to the attic and everything in between. When excess humidity is removed from indoor air, you'll feel cooler at a higher temperature. That means you can set your air conditioner temperature a few degrees higher. Opening Box Disclaimer: Insulation may stick to shipping bracket when removed Outlet vent grid is designed to flex and move. May have indentation when unboxed. Product Videos Custom Field Write a Review 5 Posted by Unknown on Jun 20th 2022 I am very pleased with this unit. It does a very good job of controlling the humidity in our basement. Shipping was very fast and customer service was very good. I would definitely buy from them again. 4 Posted by Steve Griffin on Jun 17th 2022 Fast Ship. Good follow up from Crawl Space Ninja. E080 was easy to install. Seems to work well. I had to buy discharge hose for E080 because there was not one included. 5 Posted by Jeff on Jun 7th 2022 Been 2 weeks. I am happy with it. 5 Posted by Tyler on Jan 20th 2022 No regrets purchasing this unit from Crawl Space Ninja. The online resources they have available are great, and their communication with me after the purchase has been solid and helpful as well. Highly recommended. 5 Posted by Mark on Nov 18th 2021 Fast shipping, packaged well! Setup was simple. Mine is in crawlspace. Leveled using bubble level mounted on unit, plugged in to receptacle, turned on. After the self test it started right up. Very quite. Its under the living room since thats center of crawlspace and no inside noise! Works perfectly. 5 Posted by Jeffrey Schmitz on Oct 28th 2021 Excellent product, Fast shipping at a good price and made in USA, what else could I ask for. Thank Ninja 5 Posted by David M on Oct 8th 2021 I went with the 080 over the 070 just for noise. I have a computer workspace 10 ft from the unit and I barely notice when it's running. My crawlspace/ unfinished basement 1750 sqft. is not fully sealed yet with missing plastic in 25%. yet this thing has barely run after the first 3 days. The first 3 day I was getting 3 gal a day. Now I barely get 1 gal. When it runs its on for 3 to 5 min. Super easy to install. Even for an old guy. 5 Posted by Daniel Buehler on Sep 30th 2021 Works like a charm, installed easily and the guys at Ninja are amazing 5 Posted by Christian on Sep 30th 2021 Works great W H D: 12.5 x 14.5 x 25 Weight: 67 lbs. This Dehumidifier is ideal for dehumidifying your basement or sealed crawl space removing up to 9 gallons (70 pints) of water per day. For your convenience, the control panel can be mounted on the top or side of the unit so it is easy to access in any location. The dehumidifier has a simple to use interactive display making set-up and use a breeze. The Aprilaire 1830 is low maintenance with no messy trays to empty, and simple once-a-year filter cleaning or replacement. The Aprilaire 1830 was designed and manufactured in the U.S. by AprilAire and built to last. AprilAire continues to improve the quality of its dehumidifiers with corrosion-resistant aluminum coils, quality manufacturing processes to prevent leaks, and robust packaging for damage-free shipment. To give you even more peace of mind, it's backed by a 5-year warranty. Model 1830 features: BUILT TO LAST with corrosion-resistant aluminum coils, AprilAire Dehumidifiers are designed and manufactured in the U.S.A. by AprilAire, the leader in indoor air quality solutions REDUCES & CONTROLS BASEMENT HUMIDITY to help prevent damp carpeting and furnishings, mold, mildew, and odors HELPS PREVENT MOLD, TERMITES, STRUCTURAL WOOD ROT, AND ODORS in a sealed crawl space REMOVES UP TO 9 GALLONS (70 pints) of water per day NO MESSY WATER TRAY TO EMPTY and simple to set up - just place a hose or place dehumidifier over a drain, level it, plug it in, set the target humidity, and you're done SET IT AND FORGET IT control automatically starts dehumidification when humidity above target is sensed & Fight viruses, bacteria, mold, and other airborne pollutants that thrive in excessively damp conditions. Shield your belongings and home furnishings from mildew, rot, and warping. Balanced humidity prevents your air conditioner or furnace from working overtime, saving you money on future energy costs. Purchases Submitted A Customer Purchase is considered "placed" or "submitted", when our system issues a Confirmation of Your Recent Order email to you. A "submitted" order is not a binding agreement. We reserve the right to decline or cancel any or all of a submitted Customer Purchase. Product Availability on our website is not guaranteed as it may be low in stock or impacted by other transactions. If product is not available by the time your order processes you will be notified via email. You can verify product availability Monday through Friday, 8:30 am to 5:00 pm (EST) by calling Customer Service at 844-643-5711 Fulfillment Customer Purchases will be processed in the order in which Crawl Space DIY, LLC, receives them. Customer Purchases will be processed Monday through Friday 8:30 am to 5:00 pm, Eastern Standard Time. In most cases Customer Purchases received by 2:00 pm (EST) will ship the same day. Purchases received after 2:00 pm will be shipped the following business day. Backorders If you place an order for an item that is not in stock, your item will be considered a Backorder. Your entire order will be placed on hold and shipped only when the order is complete. If you know an item will be considered a Backorder and you want the rest of your order to ship before that item is available consider placing two separate orders. Note: In most cases this will result in higher shipping costs. Changes to your purchase by You Once submitted, you can not change, modify, or cancel an order online. If you need to make a change please call our Customer Service Department, 844-643-5711, during business hours, as soon as possible and discuss your situation with one of our Representatives. There are limited things the Representative can change but we will do what we can. Additions to or Changes to submitted orders that result in additional purchases and or shipping costs will require you to place the additional purchase online. Changes to a submitted order will not be accepted via email or voicemail. If you have a concern about your order or you place an additional order and want us to consolidate them into one shipment and one shipping fee, please call Customer Service. We will do what we can. Our Customer Service phone number is: 844-643-5711 Or email us at: customerservice@crawlspace-diy.com Customer Service is open Monday - Friday, 8:30 am to 5:00 pm (EST). Changes to your purchase by Us. We will not change your order or make substitutions without contacting you prior to shipment. If, due to product availability or changes in our inventory, the need arises to change your order we will contact you via email and/or phone. Shippers We coordinate the transportation and delivery of your purchase through a third-party shipping company (Shipper). (We are not set up to accommodate product pick up by our customers.) Our Shipper is subject to change from time to time. Currently UPS handles most of our deliveries but we work with multiple Shippers. Some purchases (based weight and/or dimensions) and some delivery locations require a specialized Shipper. Please call Customer Service after you receive your Order Confirmation if you know your delivery address presents special circumstances. Email notification will be sent to the Customer's email address of record. (The email address you entered when becoming a Registered User or that you changed in your Registered User account profile.) Emailed shipping notification will include the name of the Shipper, the date and usually time they picked up your shipment, the shipment tracking number as supplied to us by Shipper, and either a web address or phone number you can use to track your shipment. Shipping dates are not a guarantee. Shipper will provide you an expected delivery date that is subject to change. Allow extra time for shipping. We reserve the right to accept or reject orders in whole or in part being shipped outside the continental United States. Additional fees may apply to international deliveries. Original Manufacturers Packaging. Crawl Space DIY, LLC will ship all products as the manufacturer packages them. Small, loose, or bulk items may be packed together. Orders will be consolidated and packed for shipment subject to the rules and policies of Shipper. Damage or Loss. Liability for your Order during shipping and delivery will be transferred to Shipper. Damage to, or loss of, Orders during shipping will be the liability of Shipper and the remedy will be subject to the policy and procedures of Shipper. If this should happen please call Customer Service and let us help you. Please use returns@crawlspace-diy.com for questions regarding returns and exchanges.

Fulfillment Errors Sometimes human error occurs in pulling together and packing orders. If we made a mistake we will fix it. Please contact our Returns Department at returns@crawlspacediy.com to let us know. Returns Please contact us at returns@crawlspacediy.com to begin the return process. Unopened, unused, and undamaged products in their original quantity may be returned within thirty days (30) of purchase. Shipping is not refundable. Additional shipping charges may occur. Return shipping charges for non-damaged items will be paid 100% by the customer and not by Crawl Space DIY. We charge a 15% restocking fee, which will be deducted from your refund. Exchanges Please contact us at returns@crawlspacediy.com to begin the exchange process. Unopened, unused, and undamaged products in their original quantity may be returned for exchange within thirty days of purchase. Shipping is not refundable. Additional shipping charges may occur. There is no restocking fee for exchanges. Merchandise damaged in shipping See shipping policy for details. Let us know by email at returns@crawlspacediy.com or call Customer Service at 844-643-5711 so we can help you with the process. Missing Parts or Defects If you purchase a product from us that arrived in the original manufacturer's packaging and you discover there are parts missing or the product is damaged. Or, you received a product that is defective due to defects in manufacturing or workmanship. Contact us at returns@crawlspacediy.com, or call our Customer Service at 844-643-5711. Rest assured, the products we offer have been selected because they are high quality and their manufacturer's provide us (and therefore you) excellent customer service. Product Safety Product safety is one of our top priorities. When applicable, each product page on our website includes a downloadable Product Safety Data Sheet. Warranties and Guarantees You, the customer, are responsible for the accurate completion and submission of any or all Manufacturer's product registration and/or warrantee registration information. Each Manufacturer has their own process of collecting warrantee and registration information and detail will be found in the product's instructions packet that comes with their product. All products sold by Crawl Space DIY, LLC are subject to their manufacturer's warranties or guarantees. Please contact our Customer Service Department for information on how to contact our manufactures warrantee department. Recalls or Product Safety Warnings In the event that we receive notice from any of our product manufactures or distributors of a product recall or warning about Product Safety we will post their notice on our website. In the case of a recall, we will attempt to email a notice to Customers who purchased that model of product through Crawl Space DIY, LLC using your email address in our system. Product recalls and Product Safety notices and their remedies, if any, are a transaction between the manufacturer and you, the Customer. We assume no liability through our attempt to help communicate the message to you.

Symposia. ITMAT symposia enlist outstanding speakers from the US and abroad to address topics of direct relevance to translational science. Read more [29/12/2017](#) · Would you still set the "dehumidify with fan" option to no with an aprilaire 1830 whole home dehumidifier? The dehumidifier is wired directly to the ecobee in acc-acc+.
